VOICE ACTOR

## BIO

Hey there! I'm Chloë, a full-time voice actor from New Zealand. I started in voiceover in 2013, when I trained as an actress for stage and screen, and I have been living my best life working as a full-time in voice actor since 2022. I narrate everything that's thrown at me – commercials, corporate explainers, video games, animations, but character work is my lifeblood. I work all around the world from my Studiobricks booth here in Middle Earth, performing professionally in over a dozen international accents. It would be a JOY to be the voice to tell your story!
